

1973 CQ WORLD WIDE DX CONTEST C.W. RESULTS

BY FRANK ANZALONE,* W1WY

WHAT a let-down. After the excellent conditions we experienced the previous month in the Phone Contest, it was a great disappointment to find 10 almost completely closed and 15 and 20 only fairly productive. The c.w. fraternity had cause to complain.

W3ASK had predicted fair to normal conditions for the two contest dates, but George warned of possible disturbances in his updated Dial-A-Prop forecast. Even the lower frequencies suffered. There also seemed to be a marked decrease in activity.

However, I wonder if this lack of contest activity could be totally blamed on poor propagation conditions. I get the feeling that c.w. is slowly but surely giving way to s.s.b. For the first time in our contest history the phone returns exceeded the c.w. total, 1746 to 1704. That figure indicates a 4% drop for c.w. over last year. Overall, however, we are only 2% below last year's record total, thanks to the increase in this year's Phone Contest.

The biggest drop on c.w. was from our own state-side stations, the over-seas boys are more than holding up their percentage.

One thing that can be said about c.w. however is that it is a more accurate mode of transmission, and we found little evidence of questionable call signs.

Reluctantly, the Committee found it necessary to make two disqualifications: the multi-multi score of station K6SEN, and the 14 mHz score of VK2APK.

Due to the nature of the K6SEN violation and in view of the fact that this is the second consecutive year this station has been disqualified, we feel more drastic action is necessary and therefore must prohibit station K6SEN from participating in future CQ sponsored contests for a period of one year.

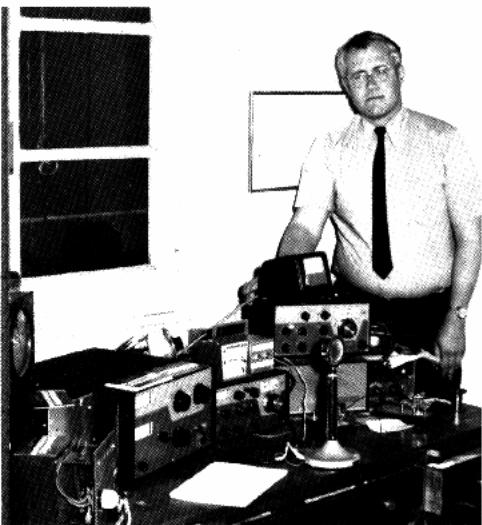

In the case of VK2APK, this is the 4th consecutive disqualification for taking credit of an excessive number of duplicate contacts.

*Chairman, CQ Contest Committee

Due to the repetition of the same violation he is also being prohibited from participating in CQ contests for one year. We wonder if he has bothered to read the letters we sent him concerning last year's decisions.

As in the phone contest we found it necessary to reclassify a few of the multi-operator, single transmitter entries. As the rule clearly states, the only situation that warrants working more than one band during the same ten minute time period is to pick up a new multiplier. If the contact is not a new multiplier the operation is considered multi-transmitter.

Several logs lost credit in certain areas because we could not read the photo copies that were submitted. We always prefer original

Fred Laun III, contester par-excellence and his ill-fated LU5HFI layout which promoted the terrifying series of events last April. Much has been written of Fred's dramatic experience in Argentina so it needs no repeating here. He will probably miss operating LU5HFI as much as we will miss working the potent signal which placed him in the Top Ten, both phone and c.w. But we are surely happy to have him safely back as a plain old W/K.

PLAQUE AND TROPHY WINNERS

Single Operator, Single Band

WORLD—North Jersey DX Association. Earl Lucas, W2JT Memorial. Won by Jorge Camboni, CV8B (14 mHz)

EUROPE — Friends of Tom Martin, G2LB Memorial. Won by Al Slater, G3FXB (14 mHz)

Single Operator, All Band

WORLD — Larry LeKashman, W8AB Trophy. Won by Martin Laine, ZD3X (OH2BH)

U.S.A.—Frankford Radio Club Trophy. Won by Francis Donovan, W3LPL.

EUROPE — W3AU Operators' Trophy. Won by Eriki Korhonen, OH8RC.

CARIB./C.A. — Harold Fox, W3AA Plaque. Won by Miguel Encisco, KP4DPN.

AFRICA — Gordon Marshall, W6RR Plaque. Won by Jerry Trousdale, 9L1JT.

ASIA—Japan CQ Magazine Trophy. Won by Travis Pederson, HS4AGN.

OCEANIA — Maui Amateur Radio Club Trophy. Won by Lyell Woolnough, VK2GW.

Multi-Operator, Single Transmitter

WORLD—Dr. Anthony Suse, W3AOH Trophy. Won by Station PJ1AA (Oprs. PJ2ARI, PJ2CJ, PJ2CW, PJ2JW, PJ2MI, PJ2VD)

Multi-Operator, Multi Transmitter

WORLD — Hazard Reeves, K2GL Trophy. Won by Station W3AU. (Oprs. W3AU, K3EST, WA1LKX, WA3HRV, WA3LVX, W3IN, W3ZKH, WN3UTA)

Contest Expedition

WORLD—Dr. Donald Miller, W9WNV Trophy. Dr. Harold Megibow, K2HLB Memorial. Won by Martin Laine, ZD3X.

CQ Club Award

Potomac Valley Radio Club

logs, original or photocopy, showing dupes that have been crossed out, etc., but make sure the copy is perfectly clear and readable. If you recopy your log make it an exact copy of the original showing dupes, etc. (Seems no one uses carbon paper anymore.)

All our score corrections did not result in a reduction. Many will find their scores substantially increased because we have given them credit for multipliers they neglected to take, or errors in their scoring.

The number of expedition stations was much lower than the number that participated in the phone contest, but picking the winner of the Dr. Harold Megibow, K2HLB Memorial was no problem. Matching the performance of his close friend and countryman (OH2MM) in the phone contest, from the same location in Gambia, Marty, OH2BH broke the existing single operator all band c.w. record. We had no alternative but to select ZD3X as the winner of Don Miller's Award. Don held this record himself some years ago.

If you are wondering about the selection of some of the Trophy winners the highest score is not always the winner. There are many factors that must be considered. For instance in the Carib./C.A. and Africa areas only permanent residents are eligible. The Oceania award excludes Hawaiian entries, and there is a three year non-eligible period for stations that have won a major award. All very complicated but should provide more incentive for others to try for one of these awards.

This was XE1IIJ's swan song from Mexico. Scotty could always be counted on to come up with an exciting new call for each contest, the last one being 4C5AA. Scotty always felt that W/K QSO's should have been worth 3 points for him. Now that he is in the Virginia area their value is zero. There's no justice.

We are grateful to Michel, F2MO, QSL

Now I ask you, is that the way to work a contest? Actually that's Marty, OH2BH and his XYL Leena at their home QTH in Finland. The contest operating was done from ZD3X in Gambia. Marty said that all credit for his breaking the world record should go to Leena who would not let him give up when a fever had him down. With such inspiration how could he fail.

Band-by-band breakdown of top scores.

manager for FB8XA and FB8XC for forwarding these two rare logs. Due to the fact that mail leaves the islands only once a year they were sent to him via RTTY.

W4BRB followed his successful expedition on 160 to VP7 in the Phone Contest with another one for the c.w. week-end. This time going all the way down to 9Z4 to get the 3 point QSO advantage. Nice score Gene, too bad that Herb also decided to give the Top Band a whirl this year. KV4FZ's antenna system on that band is pretty difficult to duplicate.

And speaking of 160, that GW3UCB/p multi-operator score may seem ridiculously low but that's because it was made on 160 only. The boys over there have this thing about the Top Band.

K8HLR had planned a major effort on 40 but had to settle for a mediocre score. After a most frustrating week-end which included a blown balun, second harmonic problem, bad h.v. power supply and a few other minor obstacles. After correcting all these problems, a plus 10 line noise from a local manufacturing plant almost drove Bob to the local "pizza and beer" parlor. However he stuck it out and at least takes home the bacon for the 8th district.

Some of the overseas boys also had problems. Following is a verbatim note from Ted, UP2OX. "It was not too much joy to work with dipoles in the DX contest. My neighbors, the owners of TV sets could agree with me watching their dancing screens. Anyway their patience wasn't unlimited like mine. I found my wires cut right in the middle of the contest."

We have received many messages from UK6APA on the Asian side of the Black Sea, claiming that he is in Zone 17 and therefore a 3 point contact for Europeans. We will not argue the point but try to get a ruling from Box 88. (We did not receive a log from him anyway.)

Compiling the club scores again proved to be quite a chore. The scores as submitted by most of the Club Secretaries were only a partial list, making it necessary for us to do a lot of digging and getting the scores from the individual logs. If your call did not appear on the Club list, or you also neglected to indicate your affiliation on your log, how are we to know how to credit it? And when you have a close one for top honors like the PVRC and FRC every point counts.

This year the FRC lead in the multi-oper-

Close-up of the VS6AW operating position. That's Paul, VS6DO using the ole' "straight key." Other members of the multi crew were Maurice, VS5MC; Bob, VS6BL; Jack, VS6GM; and Doug, VS6AW. Doug is now stateside and will be signing K4EVL. The rest of the crew is still back in Hong Kong and hopefully will be on for the next one.

KZ5NG—Contest operating seems to be a fun thing, (as it should be), for Hans and Steve, WA1LWA and WA4UAZ (ex-GM5AXO) respectively. Glad you liked it fellows, hope you find the next one as enjoyable.

Pedro, KP4AST, and Jim, WA4XPX, and the gear that puts out that potent 40 meter signal. Of course a 3 element full sized beam at 160 feet makes it a lot easier. Jim was the man behind the key and responsible for a new world's record on 40 meters c.w.												SP7CKF	"	7,215	95	18	47	Y07ARZ	"	10,080	150	12	36
